Parish News

Wick, Doynton, Dyrham and Hinton

July and August 2024

Living in Wick has opened up a whole new world to us: the world of garden birds. When we first came here my sister and brother-in-law bought us a bird feeder as a moving in gift. It's placed in view of the patio doors next to a lovely garden bush and it has brought us hours of entertainment. Who needs a TV when you have a bird feeder? People who come to visit us are mesmerised by all the activity going on around it. It attracts lots of little blue tits, robins, woodpeckers, jackdaws, magpies and more. The squirrels love it, we even bought a slinky to put on the pole to stop them eating all the birds food, but they have somehow found a way around it and there they are nibbling away. The black-birds are so adept at getting the bottoms off the feeders and letting all the nuts/seeds fall to ground, much to the delight of the other birds and squirrels. As I sit looking out of the window I can't help but think of the verse from scripture which encourages us not to worry, it says, "Look at the birds of the air; they do not sow or reap or store away in barns, and yet your heavenly Father feeds them. Are you not much more valuable than they?"

There's no doubt we are living in worrying times and yet when I look around me, at the beauty of God's creation, I cannot help but feel God's wonderful blessings all around us. The understanding of just how valuable each and every one of us are in His eyes. Looking at the birds does not change what's happening but it can help us see things in a new way and learn from how ingenious these little creatures are. Also just like us sad things happen for the birds; we used to have two pigeons come to the bird feeder, but one morning there were lots of pigeon feathers all over the garden. The other little pigeon continued to come to the bird feeder but it was nervous and kept looking towards the feathers. We cleared them all away but unfortunately, the second pigeon met the same fate. We haven't seen any other pigeons since. We are uncertain about what happened to them but given how cleanly the feathers had been left, we assume it might have been a bird of prey? If not, it could have been one of the foxes or cats who often frequent our garden? God even provides for them too.

Unfortunately, we have no guarantee about the twists and turns can take but one thing we can hold on to, is that nothing in this life lasts forever. If you're currently in a situation that is causing you worry, perhaps taking some time out to immerse yourself in God's wonderful creation during the summer months and pondering on just how valuable you are, it might help ease your mind a little. It may not change the situation but it just might help you to weather it.

Look at the birds. Have a wonderful summer.

News from St Bartholomew's

Our horticultural experts were right about the trees not being dead - there are definite signs of life appearing amongst the ravaged branches, even after the worst the invasive caterpillars were able to do. The bushes are not going to recover so readily, I feel - watch this space.

You might remember I told you last month that *"The headache for Rev Elaine is looming large, and we have been tussling with the service plan/rota. She is VERY keen to make sure that none of the churches lose services, but it is looking like a bit of a struggle..."* and sadly, there ARE some gaps in the service lists over the summer. You may find yourselves coming to worship under the direction of a frankly amateur Churchwarden. *cough*

One of the solutions to Rev Elaine's increased workload (because of taking on Pucklechurch and Abson, as well as Wick, Dyrham and Doynton) is to have somebody give her a hand with the admin/paperwork. We have come up with a job description, so have a look at page 11 for the full details. See if you might know anyone who would like to have a few hours work each week.

Rev Peter Hallett was given a splendid send-off, with much cake and gratitude, and he and Bridget have now wandered hand-in-hand into the sunset, never to be seen again. We shall miss them.

Talking of cake - we plan to have a cake stall at the Party in the Park on 13th July, because, as Cathy Burgess says, we are good at cakes. Come and buy a slice of something, or a cupcake to add to your picnic that afternoon. (And keep your fingers crossed for decent weather, too!) We won't be competing with the WI

Doynton Parish Pump

The Memory Café at Doynton will hold its next meeting on **Wednesday July 3rd** as Doynton village hall is required for General Election voting the following day. Crafts, games, puzzles, shared memories, chats with our volunteers, tea and home-made cakes are a feature of every café. We have lots of information and guidance available for those with a new diagnosis of dementia and their families, and many of our volunteers have experience of someone with dementia among their own family or friends. The café meets (usually) on the first Thursday of every month, 2.00–4.00 p.m. For more information, see our Facebook “The Memory Cafe at Doynton”, email mcdoynton [at] gmail.com or call/text 07817 311001.

Friends of Summers Field: there will be a **cream tea** with BBQ and option to camp (!) on Saturday July 20th, 3.00–4.30 p.m. Camping 6.00 p.m. onwards. Bring your own BBQ and food. Look out for posters around the village out nearer the time.

“Warm Wednesdays” community café: the café will be taking a break in July, August and September – back in October!

Doynton House will be open under the National Gardens Scheme on **Saturday September 1st**, 2.00–4.00 p.m., with home-made teas on offer. Admission adults £7.50, children free.

The sun smiled on the **Old Rectory gardens** on Saturday June 22nd, and over 300 visitors flooded in to admire the gardens at their best. Profits from the teas amounted to almost £1000, which will be used for the upkeep of Summers Field community orchard. Many thanks to hosts Edwina and Clive Humby and all the helpers.

Your correspondent was sorry to miss the **80th anniversary of D-Day** celebration on June 6th, but she is reliably informed that the bonfire blazed like a good ‘un, the beer flowed freely and the reading of the National Statement was a truly moving moment. She can attest that the fish and chips, brought home by a well-wisher, were delicious!

Doynton and Wick WI: the first event for the Doynton Group of WIs this year, on 24 May, was a riotous “Mamma Mia!” themed evening, with delicious Greek food, a chance to sing along with the film, and a very special treat – a video of personal messages of congratulation from Mamma Mia! cast members past and present, magicked up by Kay Stock. The next group event will be a “flower power” garden party on September 20th. The June meeting was a foraging trip to the wood at Diddington Firs, with

expert guidance from Maria Fernandez Garcia and fascinating stories of the history of the wood from Barbara Kent. July 10th sees the annual WI mystery trip – the coach leaves Doynton village hall promptly at 7.00 p.m., so don’t be late! On August 14th, Doynton and Wick member Alex Huband will talk on “Dyrham through the year”. The competition is “How many words can you make from the phrase ‘Dyrham House’?”. We meet on the second Wednesday of every month, 7.30 p.m. at Doynton village hall.

Doynton Village Market: Saturdays July 6th and 20th, August 3rd and 17th and September 7th; 10.00–11.00 a.m. in Doynton village hall. Come along for fresh veg, eggs, baked goods, preserves and home-made craft items, and stay for coffee! NB no market August 30th.

Post Office in the village hall: every Thursday 9.30–10.30 a.m. for standard post office services. You can also withdraw cash, pay bills, pay in cheques and return mail-order purchases. Order groceries by 6.00 p.m. Wednesday for collection (Oldland Common Post Office and Store, tel. 932 3159).

Yoga: Thursday morning class 9.30–10.30 a.m. in the village hall. Suitable for everyone, safe and friendly. £10 per class. Classes are run by Jean Foley, Wild Heart Yoga. Tel. 07341 347547 or email jean72foley@gmail.com.

Avon and Somerset Police tell us that reported crime is low in the Doynton area. However, do continue to be aware of scams and take precautions with property security. Report anything out of the ordinary to Bianca Rotariu by phoning 101, quoting her badge no. 9061, or email 9061 [at] avonandsomerset.police.uk.

Please donate any packets or tins of food you can spare to the **Doynton foodbank** and **North Bristol and South Glos foodbank** in the church porch. Many families are still in great need. Our local foodbank alone feeds 1350 people on average every month.

On **Saturday October 12th**, there will be a **barn dance** in the village hall in aid of **Summers Field** community orchard. More details to follow!

fish and chips. See you in September!*

Open Door

Every Friday morning, for an hour, neighbours and friends gather in the Church Room at St Bartholomew's for coffee and a chat. It is open to anyone who lives in or near Wick, and is a very friendly and easy place to be. If you've never been, or are a bit nervous about turning up thinking you won't know anyone, then you can be reassured that you will be made very welcome. People generally put £1 coin in the pot to pay for their tea and biscuit, but you really don't have to - don't let having no pound coins stop you from coming!

There is usually a Thought for the Day at about 11 o'clock, with various people coming to share ideas: we have positive news, some "Do you Remember?", some jokes - it all depends who's on the rota that day!

Every now and then, the money in the biscuit tin adds up, and it pays for a Day Out; the most recent was a trip to Stratford-on-Avon, via a garden centre for a coffee stop. Monica Mumford, who generally organises the trips etc, says it was a very enjoyable day. The weather was kind to them, she didn't lose anyone, and everyone got home safely(!)

If you are free on Friday mornings, between 10.30 and 11.30, why not pop along and join in?

Three Shires Medical Practice

Practice Statement 17/6/2024

We've had a succession of contracts imposed on us which are insufficient to cover the rising costs of running a practice. The most recently imposed contract was rejected by 99% of BMA members. The BMA are currently consulting, with a view to deciding which form of industrial action will have to be taken.

Unlike most businesses, General Practice cannot mitigate against rising costs by passing these on to our customers, as the money we are paid is imposed on us unilaterally by the government.

We have had an independent review of our practice finances which has failed to identify any significant inefficiencies or un-tapped income streams in our business practice.

We have no plans to close any or all of our surgeries, but whether we ultimately have to will depend on whether current funding policies are changed to make the practices sustainable, which may depend on the impact of any industrial action and also on the new UK government future direction of travel regarding its approach and funding for general practice.

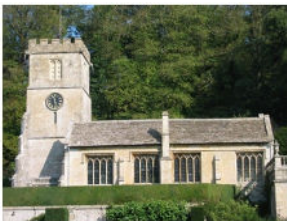

It is worth noting that the Three Shires is far from alone in facing these difficulties which are shared by many, if not the majority, of practices at the moment, with many unfortunately facing certain or probable closure. This is the current position.

It should be remembered that for the practice partners, the business is our entire livelihood and we are not going to let the practice collapse due to a lack of interest or effort.

We are having to live with the current uncertainty, just as you are, which is a cause of significant stress and unhappiness.

During our June meeting members enjoyed a fascinating talk by experienced genealogist Claire Dimond-Mills on "Who do you think you are?". Claire explained that after 10 years of researching her own family tree revealing her great grandfather was a chef on the Navy's largest battlecruiser HMS Hood and a further descendant was an attempted murderer lurking in their family tree; Claire now utilises her professional science skills to scrutinising client DNA tests results to formulate their family trees and assist clients in finding elusive ancestors and family members. Claire touched on how the use of mitochondrial DNA testing helped identify Richard III through his maternal line. Further information can be found at www.clairedimondmills.co.uk.

Future meetings:

(Meetings 2nd Thursday every month 7pm Dyrham & Hinton Village Hall)

11th July – Summer Party – hosted by member in her beautiful gardens in Wick

8th August – Compton Dando Garden Flower tour/talk by Sarah Wilson who combines British flower farming with floristry and grow most of their plants from seed.

Dyrham & Hinton WI Book Club (Read Between the Wines):

Book club members at a member's house to discuss "The Sixteen Trees of the Somme" by Lars Mytting. Members enjoyed this intricate story about war, family secrets and the love of wood. Next month's book is "Go as a River" by author Shelley Read.

We welcome new members; ladies can attend up to 2 initial meetings without any obligations. We meet on the 2nd Thursday of each month. For further information please contact us at:

Boyd Valley Painting Group

The Boyd Valley painting group meet every Thursday morning between the hours of 10.00am and 1.00pm at the Dyrham & Hinton Village Hall. We are a self help group of local residents within Boyd valley who have a mutual interest in learning and improving basic artistic skills in a very friendly and helpful atmosphere.

The group is run on a "not for profit" principle whereby all members share the modest cost of the hall hire, between them. Fortunately, this year, due to a successful funding application, there will be no charge for those attending until further notice.

Please come along to any meeting, no need to bring any equipment if you do not already have any, we will show you how to get started and very soon you will achieve a basic ability which you can build upon.

Call, before arriving, on the following telephone number and leave a message if no answer.

Andrew Hedges (Dyrham) 01179372928.

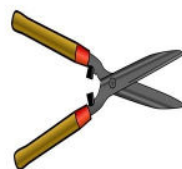

The group is starting its summer break at the end of June and will resume on 5th Sept.

News from the URC Chapel

At the Chapel we are all very excited to let you know that the work in the schoolroom is now complete.

Hills Construction has carried out the building of the toilet, the carpentry and the decorations to the highest standard. True to its name, Tru-shine have sanded and treated the floor and it looks great.

We have been lucky enough to receive a grant from the URC and Benefact Trust. As well as grants, we are so grateful to private donations from friends of the Chapel. Please call in and have a look.

We are all grateful to Linda for taking the lead by liaising with the architect, builders and grant providers – Without her it would not have happened.

We still need to fundraise and with that in mind we will have a jigsaw and book stall at Party in the Park on Saturday 13th July.

I have mentioned before that each week the flowers are provided by individuals – some wishing to remember a loved one on a certain day. Our flower rota has some spaces so if anyone in the village would like to provide flowers one Sunday – you would be very welcome. After the service, some of the flowers are given to people who are ill or in need of cheering up for any reason. Please let us know if you would like to

Wick Sports Ground

Although summer is a break from football at the ground, it provides necessary time to undertake pitch work and building maintenance. Wick Sports Ground was host again to Bristol Volleyball's Summer Tournament. Now in it's 16th year, players from near and far enjoy the great outdoor space at the recreation ground, and it provides WSG with much needed funds towards the grounds upkeep.

As soon as it finished, we began the pitch work which included deep seeding and fertilising, which takes both pitches out of action for around four weeks. Holes have been dug at the far side for floodlight footings, which should be filled with concrete including fixing bolts shortly. There is always plenty to do both outside and inside, so help is always welcome. Please contact Matt on the number below if you would like to volunteer?

Environment Challenge July 2024:

Prepare for the election; How will you vote?

According to a recent [poll](#) from YouGov, Climate change is the **fifth most important issue to voters** – after the cost of living, health, the economy in general and immigration and asylum. The UK has a net-zero climate goal. In brief, from their manifestos, what do the parties say?

CONSERVATIVE Party.....Net Zero by 2050

We are proud of our record and remain committed to delivering net-zero by 2050.

GREEN Party.....Net Zero by 2035

.....Scientists warn that we are currently on track for global temperatures to rise by at least 2.5°C, far beyond levels at which humanity can safely survive. We can create a greener, fairer country together – one in which we are all safer, happier and more fulfilled.

LABOUR Party.....Net Zero by 2050

The climate and nature crisis [is](#) the greatest long-term global challenge that we face.

LIBERAL-DEMOCRAT Party.....Net Zero by 2040

.....Urgent action is needed – in the UK and around the world – to achieve net-zero and avert catastrophe.

REFORM Party.....No to Net Zero target

..... Net-zero is pushing up bills, damaging British industries like steel, and making us less secure. We can protect our environment with more tree planting, more recycling and less single use plastics.
